Prior art documents discussed:

**Part II.**

SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:

*See Continuation Sheet*

**Part III.**

It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.  
 It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.

/Katherine A. Bareford/  
 Primary Examiner, Art Unit 1715

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: On 4/4/11, the Examiner proposed an Examiner's Amendment to applicant's attorney, to clarify the preamble of claims 1 and corresponding claims 2, 3 and 10 to change "an electroless plating material" in lines 1-2 to "a resin material to be electrolessly plated", and in line 3 of claim 1 change "a resin" to "the resin", to amend claims 10 and 11 to clarify that the first solution consists of the listed organic polar solvent and ozone, to amend claim 5 to provide "then" after "and" on line 5 to clarify that the ozone/irradiation step occurs before plating, and to amend claims 1 and 5 to remove "hydrochloric acid" and "hydrofluoric acid" as possible inorganic solvents to use. On 4/7/11, applicant's attorney indicated that they could not agree with this proposed Examiner's Amendment..
